Trivia

- Opened 2002
- Partners with the universities of Ulm and Stuttgart
- Offers Bachelor and Master programs
- Offers a MBA (Master of Business Administration) program
- Degree accredited by ACQUIN (Accreditation, Certification and Quality Assurance Institute)
- So far a number of 1200 students traveled to Germany destinations over the past 5 years

The campus

- Full construction not complete
- Currently 115,000 square meters
- 570,985 square meters in final stages

Faculties

- Faculty of Pharmacy and Biotechnology
- Faculty of Management Technology
- Faculty of Applied Sciences and Arts
- Faculty of Engineering

Faculty of Engineering

- Faculty of Engineering and Materials Science
- Faculty of Information Engineering and Technology
- Faculty of Media Engineering and Technology

Media Engineering & Technology

- Computer Science and Engineering
- Digital Media Engineering and Technology

Digital Media Engineering and Technology

- Study media systems and processing of their data
- Manipulation and processing of images, audio and video
- Concerned with data transfer and how fast is it
- Introduces to various web technologies
- Research opportunities in the field of acoustics and audio

Computer Science and Engineering

- Handles accepts of theoretical computer science
- Practical software development languages and techniques are introduced
- Possible research in the fields of:
 - Constraint Handling Rules
 - Constraint Programming
 - Semantic Web

Thank you, Question?
